

More than Music Partner Non Profit Application

Dear Potential Partner Non Profit Representative,

I would like to give you some information on the process of putting on a successful benefit concert in partnership with More than Music Inc. Please consider whether this would be a good fit and then if you choose, fill out the following paperwork and submit to MtM by scanning in this document and sending it to Admin@MorethanMusicInc.com or by sending via snail mail to More than Music Inc. PO Box 31 Farmington, MN 550254. We will review the information you send and get back to you with more detailed information about the process, the plan, and the potential partnership contract if we are interested and able to help you. Either way, we will let you know. Perhaps we'll be working together soon!

More than Music is a 501 c-3 nonprofit organization founded in 2003. The original vision in starting More than Music was to use the music to produce money to benefit worthy causes; to "marry ministry and the money through the medium of music." And THAT is what we do! Specifically, we put on benefit concerts for and with worthy organizations using the profits and free will offering raised to provide a means to fund their work. If we choose to work with you it is because we truly believe in your ministry!

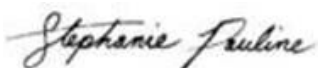

Our Part: Utilizing our industry connections to line up a headlining act with ample draw, finding the venue, putting up some of the upfront funds necessary, and walking our PNP all the way through the process of funding, planning, promoting and producing a successful benefit concert for your organization, using our tested strategies, and template.

Your Part: Providing the commitment and the team needed to work with the More than Music team in a week by week way (size of team and level of commitment needed from each member is dependent on the scale of the concert). Funding, planning, promoting and producing a successful benefit concert is a team effort and we need you with us every step of the way. It is a lot of work, but is also a very rewarding way of raising money and awareness for your cause. You must take direction, be comfortable delegating to your team, and willing to help lead a community-wide, parachurch effort.

We are doing concerts like this throughout the country for partner nonprofits and plan to continue for years to come. We are fast establishing ourselves as a valued and trusted beneficiary to nonprofit organizations. We have partnered with The Dwelling Place, a battered women's shelter, putting on a concert for that organization ago and raised \$4,000 net for their cause. We raised \$6000 for three different missionaries through benefit concerts. One was sent to India, one to South Africa and one to Uganda. We partnered with Breaking Free April 23rd 2010. Breaking Free is a ministry based in St. Paul MN that helps women and their children escape the bondage of prostitution and human trafficking. Held at the Benson Great Hall, a beautiful auditorium at Bethel College, this concert raised state wide awareness and \$15,000 net for that cause. Bebo Norman headlined, I opened, and the night was emceed by a local radio personality. We worked with Southern CO Youth for Christ Juvenile Justice Ministries as well and raised \$15,000 net for their cause with a thousand people in attendance. We have only just begun! If you are interested, we can look at doing something very similar, for your organization.

Bless you! I look forward to the possibility of partnering with you.

*Songs for the Soul,
Hope for the Hurting...*

 In the past five years, More than Music has sponsored over 70 free concerts in correctional facilities and chemical dependency centers, as well as supported social service ministries by hosting benefit concerts; raising over \$40,000 net for worthy causes just since 2010. Through this work, and so much more, ministries have been strengthened, millions now have heard the message of hope and forgiveness,

and lives have been transformed by Christ.

We, at More Than Music, appreciate your interest in partnering with us. In order to get to know you better, we would like a clear understanding of your organization and/or cause and what you do to serve the world. By applying you are only expressing interest in and not making a commitment to this process. After receiving your application we will consider whether we are a good fit. Because of limitations in time and resources we cannot work with everyone. We have certain companies in certain areas with which we already have ongoing contracts to do biannual or annual concerts. Please understand that our inability to work with your organization in the capacity you would like may not have any reflection on the validity of your ministry but rather the limitation of ours. That said, maybe this will be a good fit! Tell us more and we'll see what we can do. ☺
