Southern Colorado Youth for Christ has been reaching lost young people in youth detention and treatment institutions for over 15 years. Local Christian men and women volunteer as mentors, Bible study leaders, speakers, musicians, and sports trainers inside ten institutions in this region every week. Thousands of young people are reached every year. Volunteers also work with young people who have been released back into our community. Your support of this concert will ensure that YFC can continue offering young people life changing hope through healing relationships inside prison walls.
